Professional Summary

Dynamic Software Development Engineer with proven expertise at Bluestock.in, designing and implementing innovative user interfaces for web applications. Proficient in Python, SQL, and modern frameworks with strong capabilities in team collaboration and adaptability. Committed to leveraging technical skills to create impactful solutions and enhance user experiences in fast-paced development environments.

Technical Skills

Programming Languages: Python, SQL, C++, HTML, Linux
Technical Competencies: Web Application Development, User Interface Design, Database Management, Modern Frameworks
Soft Skills: Team Collaboration, Adaptability, Flexibility, Problem-Solving

Professional Experience

Software Development Engineer — **June 2025 – July 2025**
Bluestock.in — *Pune*

- Designed and implemented user interfaces for web applications using modern frameworks, enhancing user engagement and experience
- Collaborated with cross-functional teams to deliver high-quality software solutions within tight deadlines
- Applied Python and SQL expertise to develop robust backend functionalities and database management systems

Software Development Intern — **July 2024 – August 2024**
Ice Hut Technologies PVT. LTD. — *Jaipur, Rajasthan*

- Completed intensive 45-day summer training program in Python programming
- Developed practical programming skills through hands-on projects and real-world applications
- Gained experience in software development lifecycle and agile methodologies

Software Development Intern — **August 2023**
Learn and Build — *Jaipur, Rajasthan*

- Completed 15-day intensive summer training program focused on Python programming fundamentals
- Built foundational skills in programming logic, data structures, and algorithm implementation

Projects

Hostel Management System

- Developed comprehensive hostel management system during summer training under Ice Hut technical mentor guidance
- Implemented features for managing hostel student details including registration, room allocation, and record tracking
- Utilized Python and SQL for backend development ensuring efficient data management and retrieval

Education

Bachelor of Technology in Computer Science — **August 2026**
Arya College of Engineering — *Jaipur, Rajasthan*

Senior Secondary School — **January 2022**
Maharana Pratap Senior Secondary School — *Jaipur*

Secondary School — **January 2021**
Shanti Vidya Niketan Senior Secondary School — *Jaipur*

Certifications

Python Programming – Learn and Build Pvt. Ltd.
NumPy Programming Mastery: Learn Python for Data Analysis – Udemy
C Training Program – Spoken Tutorial Project, IIT Bombay
HTML Training Program – Spoken Tutorial Project, IIT Bombay
Linux Training Program – Spoken Tutorial Project, IIT Bombay
Python Programming – Ice Hut Pvt. Ltd.
SQL for Data Science – Newton School
